Profile Summary

I am a BS Computer Science graduate with a passion for **front-end web development** and **precise data management**. I enjoy creating responsive, user-friendly web applications and value accuracy, creativity, and teamwork in every task I perform.

Career Objective

To obtain an entry-level position as a **Web Developer** or **Data Encoder** where I can apply my technical knowledge, analytical thinking, and attention to detail to contribute to organizational efficiency and growth.

Experience

On-the-Job Trainee - Social Security System (SSS)

Mar 2025 - May 2025 (200 hours)

- Encoded and processed new member data for SSS number issuance.
- Ensured data accuracy and confidentiality in documentation.
- Assisted in clerical and administrative operations.

Projects

Student Financial Assistance Recommender System

Objective: Developed an eligibility recommender using **weighted ranking algorithms**.

Tech Stack: HTML, CSS, JavaScript, MySQL

Personal Portfolio Website

Objective: Built with HTML, CSS, and JavaScript to showcase my projects and résumé.
